REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest a printing blanket comprising the combination of layers and thicknesses of the layers, along with the properties of the second fabric layer as set forth in claim 1. Concerning the Preliminary Examination Report and Written Opinion of PCT/JP01/11646 (which is a parent application of the instant application), these reports are not convincing of the non-patentability of the instant claims. The proposed rejections set forth in these reports merely pick and choose layers and layer thicknesses from five or more references and combine them to form the instantly claimed invention without setting forth reasons to combine the five or six references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
